Greetings,

The October meeting of the Tallahassee Woodcrafters Society is next Tuesday, October 9th at the regular time, 7:00 p.m.

We plan to have special guests at the October meeting. Club members who attended the September meeting will recall the discussion about Rebel Ventures, Inc. initiated by Pete Staehling and Roger Walton who had recently visited this specialty lumber business located between Havana and Quincy. Spencer Cullen and Wayne McDaniel were so intrigued, they made a visit to Rebel Ventures and spoke with owners Martin and Paisley Pryor who agreed to come to our meeting. The Pryors will tell us about their business, explain their inventory and describe other services they offer besides selling boards. Weather and space permitting, they may bring samples and pictures of their set up. It is really nice to have a source of quality lumber so close to us. You won't want to miss this meeting.

The meeting will be held at Faith Presbyterian Church, located at 2200 North Meridian Road. A map is attached to this email. It is easiest to park and enter the church complex on the west side of the buildings. Entrance to the meeting room area is at the door under the covered drop-off awning.

Hope you can make it to the meeting. Don't forget your show and tell items.
