Greetings,

The November meeting of the Tallahassee Woodcrafters Society is tomorrow night, Tuesday, November 13th at the regular time, 7:00 p.m.

We hope to have the special guests that were originally scheduled for the October meeting, which was canceled due to hurricane Michael. The owners of Rebel Ventures, Martin and Paisley Pryor, plan to come to our November meeting to tell us about their specialty wood business, explain their inventory, and describe other services they offer besides selling boards. Weather and space permitting, they may bring samples and pictures of their set up. It is really nice to have a source of quality lumber so close to us. You won't want to miss this meeting.

The meeting will be held at Faith Presbyterian Church, located at 2200 North Meridian Road. A map is attached to this email. It is easiest to park and enter the church complex on the west side of the buildings. Entrance to the meeting room area is at the door under the covered drop-off awning.

Hope you can make it to the meeting. Don't forget your show and tell items.
